

Battleship USS North Carolina in Museum Ships Weekend

The Museum Ships Weekend for 2015 was a big success ! Success was not measured in total contacts but by total participation. This year we had 17 operators , which was a record number. Two operators came from the Goldsboro club and we had 15 local operators. Several local operators , who are not physically able to climb onto the ship, spotted us on the various dx clusters all weekend. We made a total of 712 contacts using SSB, CW and Digital and had a great time

List of Operators:

NC4JF (Jeff) Jeffrey Holmes
KI4JDE (Jeff) Jefferson Wingfield
WA3IRG (Bob) Kiehlmeier
