

The ACARC will be operating in the North Carolina QSO Party from the Battleship USS North Carolina. Time 1500 UTC February 24, 2013 to 0059 UTC February 25, 2013. (10 am to 8 pm EST on February 24, 2013). All amateurs are invited to come over and participate.

We will be running two stations and possible a 3<sup>rd</sup> station. On Sunday morning if you can make breakfast we will be meeting at the K & W cafeteria at 8:30am for breakfast before heading over to the ship around 9:30am. For those not wishing to eat breakfast meet us in the battleship breakroom at 9:30am to 9:45am. As you are facing the ship, on the left side of the building, take the walkway by the rest rooms to the break room. If you come over to the ship later in the day and don't know how to get to the radio room contact us on the 147.180 repeater and we will send up a runner to bring you down.

This year we will again be a bonus point station and should be very busy. Come over and support amateur radio, your local clubs and have a good time.

Any further questions contact Jack WD4OIN, at [wd4oin@arrl.net](mailto:wd4oin@arrl.net) or 910-791-1566.

### **Results of the 2013 NC QSO Party**

We had 11 operators this year for the qso party, with 3 of the operators from Myrtle Beach. We had 2 members of the Myrtle Beach ARC attending and a visiting ham from Canada. We made a total of 592 contacts this year , that's up from 486 in 2012.

253 SSB contacts on 20 meters

266 SSB contacts on 15&40 meters

73 CW contacts

Well done !!

Jack WD4OIN
